

K-Love is the only ALL music station in this part of Alaska that is clean with spiritual truths. It is one of two 24 hour cristian stations in this region and the only one for continuous uplifting music. If this station is forced off the air you take away a station that promotes honesty, love and family values to our youth and a huge potential to reduce crime, drugs problems, increase self esteem and lower suicide rates. My family has listened to and financialy supported K-love for 8 years. When my family moved to Alaska in 2003 K-love was not on the air here. Very dissapointing. We found no other comparable station on the dial. My family has listened to and financialy supported K-love for 8 years. Now that it's finally in the Anchorage area don't force it away!
